TURKEY

Cross the highway, follow Delictas Cadessa Street until you have crossed the bridge over the river Kargi. Turn directly left on a dirt road heading north. Follow the river until you reach an asfalt road just before 5 km. Turn left, cross the Bridge over the River Kargi and then turn left again onto another dirt road heading back south. You will immidiately pass through a portal with a sign for a quadbike/-crosscart rental but the dirt road will pass by it. You come up onto an asfalt road after 7 km at the end of a long inclination. After 7.8 km the road will split into a Y, turn right and you will come down onto Delictas Cadessa Street again. Take a right, and follow Delictas down to the highway. Asfalt the first 2.7 km and the last 3 km, the rest is dirt road which can be very muddy after a rainfall. Roadshoes works if dry weather but trail shoes are preferred.
